The Real Thing / The Feeling

Civilian

Give me the real thing
Or give me the feeling
I'm twisting your arm till you cave
Or I'm breaking it off

Do me a favor
Say what you're thinking
I'm twisting the words that you say
Till I hear what I want

I wonder if I told you that I loved you
(You are probably gonna run)
I wonder if I told you I'm an asshole
(Then you'd probably fall in love)

It's not the end of the world
But it's pretty damn close
It's not the fact that I need you
But the fact that it shows
It's not the end of the world
But it's pretty damn close

When the only thing that's keeping me at bay
(Shadows. Terror.)
Give me the real thing
Or give me the feeling

When the ending sings an infinite frame
Give me the real thing
Or give me the feeling

I wonder if I told you that I loved you
(You are probably gonna run)
I wonder if I told you I'm and asshole
(You'd probably fall in love)

It's not the end of the world
But it's pretty damn close
It's not the fact that I need you
But the fact that it shows

It's not the end of the world
But it's pretty damn close

I'm nothing to miss
There's hope then there's this
We could've been and how it is

I'm nothing to miss
There's hope then there's this
I'm nothing to miss
There's hope then there's this
We could've been and how it is

(3x)
It's not the end of the world
But it's pretty damn close
It's not the fact that I need you
But the fact that it shows
It's not the end of the world
But it's pretty damn close
