I got one verse to make you, see past the fro and the shoes, and feel the reason for the heatin up inside
of this room, I'm like the messenger who, told you about the good newz,

And soon you downloadin this single I approve on I tunes,

And so you pick it up, move a little more and switch it up,

Take it to the floor and burn it up, wanna get it free so you burn it up that's what's up

It's all over, we shuttin them down , we shuttin them down

man-n-n-nipulation,man-n-n-nipulation, man-n-n-nipulation, man-n-n-nipulation

I ain't nothin butta messenga

Change my flow to connect witcha

You can feel this rhythm when it bump Play it loud until all the people come

Watch this beat, make you move like you crazy

So crazy it makes you freak

But you too busy watchin me (don't do that)

Cuz I ain't nothin butta messenga

Change my flow to connect witcha

Track so hot it'll mess witcha like

If you follow me

Hope that you can see

All that we believe

That's all we wanna do

Gimme that drum & bass love

We bringing back back that beat watch the bass drop

We bringing back back that beat make ya body rock

It's all over, we shuttin them down, we shuttin them down
