

# I Know You Missed Me (Bonus Version)

T.I.

I know you Miss Me  
I know you Miss Me[Chorus:]  
They say the city ain't the same in a night like die  
Since T.I.'s inside like the streets been quiet  
I know you Miss Me  
I know you Miss Me  
I know I Know  
The say the dugs ain't ballin' and the dubs ain't fallin'  
Like the club been sorry, but I'm back now shawty, ay  
I know you Miss Me  
I know you Miss Me  
I know I know[Verse 1:]  
Yeah  
You know I do it for the city and everybody descending  
The generals and lieutenants salute high representors  
Since I've been sittin' a minute no-everybody be missin'  
Me walking off in the club  
Gettin' everybody attention  
When I'm out record with spinnin'  
They start it from the beginning  
Get bottles of Christian Remy  
And pass it out to the women  
Pull out a stack of 20  
Throw it up to the ceiling  
Watch it fall to the floor  
Start throwin' some more  
Has anybody you know  
Whatever part it you go  
With me in the VIP  
Know that shit was outta control  
If I pull up in a Mercedes  
I hop in out of the road  
Continue hatin' but hey  
I'm the fly-est guy that you know  
Ay, East coast, West coast, me in way south  
I keep a fire marshal at the go stressed out  
Mine stretched around the corner, shut the whole event down  
Been a minute in the city since it really went down, man[Chorus:]  
They say the city ain't the same in a night like die

Since T.I.'s inside like the streets been quiet  
I know you Miss Me  
I know you Miss Me  
I know I Know

The say the dugs ain't ballin and the dubs ain't fallin  
Like the club been sorry, but I'm back now shawty, ay  
I know you Miss Me  
I know you Miss Me  
I know I know[Verse 2:]

I'm gettin' calls every evening, sayin' the streets need me  
I'm at it just as soon as I make it pimpin' believe me  
Niggas talkin' greasy but they don't wanna see me  
They know where to find me, soon as they release me  
Remember me and Jeezy, at least once a week we,  
Hit the strip club, show these niggas how to treat freeze  
One stack, two stacks, three stacks, four,  
Nigga, five Stacks, go tell me bring ten more  
And Lamborghinis and Apollos  
They see me they screamin' holla

The robbers follow the ballers, so peg it soon my proudest  
Still ain't nobody hotter, I put that on my daughter  
Long as I be sittin' still, niggas still ain't cower  
Atlanta you know I run it, everybody is Spanish  
They gotta stay in their houses like everybody were punished  
Tell them they to quit frontin' and them suckas sit down  
Let em know the king comin' and he shut this shit down[Chorus:]

They say the city ain't the same in a night like die  
Since T.I.'s inside like the streets been quiet  
I know you Miss Me  
I know you Miss Me  
I know I Know

The say the dugs ain't ballin and the dubs ain't fallin'  
Like the club been sorry, but I'm back now shawty, ay  
I know you Miss Me  
I know you Miss Me  
I know I know[Bridge:]

And every time I take the city back  
And wear my crown, nigga give me that, that, that I know you Miss Me  
I know you Miss Me  
I know I know And I do my thang  
Stack my millis

Now it time for me to bring back my city, ay I know you Miss Me  
I know you Miss Me  
I know I know[Chorus:]

They say the city ain't the same in a night like die

Since T.I.'s inside like the streets been quiet  
I know you Miss Me  
I know you Miss Me  
I know I Know  
The say the dugs ain't ballin and the dubs ain't fallin'  
Like the club been sorry, but I'm back now shawty, ay  
I know you Miss Me  
I know you Miss Me  
I know I know
