## Editors

You're answering questions that have not yet been asked  
All sparks will burn out in the end  
You burn like a bouncing cigarette on the road  
All sparks will burn out in the endAll sparks will burn out  
All sparks will burn out  
All sparks will burn out in the endYou're casting opinions at people who need them  
All sparks will burn out in the end  
Well be careful, Angel, this life is just too long  
All sparks will burn out in the endAll sparks will burn out  
All sparks will burn out  
All sparks will burn out in the endYou burn like a bouncing cigaretteAll sparks will burn out  
All sparks will burn out  
All sparks will burn outAll sparks will burn out  
All sparks will burn out  
All sparks will burn out  
All sparks will burn out in the end
