

# Time After Time

## Dumbfoundus

Lying in my bed I hear the clock tick and think of you  
Caught up in circles, confusion is nothing new  
Flashback, warm nights, almost left behind  
    Suitcase of memories time after  
Sometimes you picture me I'm walking too far ahead  
    You're calling to me, I can't hear what you said  
    And then you say go slow, I fall behind  
        The second hand unwinds  
If you're lost you can look and you will find me  
    Time after time  
    If you fall I will catch you, I'll be waiting  
        Time after time  
If you're lost you can look and you will find me  
    Time after time  
    If you fall I will catch you, I'll be waiting  
        Time after time  
After my pictures fade and darkness has turned to gray  
Watching through windows you're wondering if I'm okay  
Secrets stolen from deep inside, the drum beat's out of time  
If you're lost you can look and you will find me  
    Time after time  
    If you fall I will catch you, I'll be waiting  
        Time after time  
        You say go slow, I fall behind  
        The second hand unwinds  
If you're lost you can look and you will find me  
    Time after time  
    If you fall I will catch you, I'll be waiting  
        Time after time  
If you're lost you can look and you will find me  
    Time after time  
    If you fall I will catch you, I will be waiting  
        Time after time  
        If you're lost you can look and you'll  
Really, really, really, really find me time after time  
    Whoa, if you fall I will catch you, I'll be waiting  
        Time after time  
        Say, if you're lost you can look and you  
Really, really, really, really, really, really, find me

Hey, if you fall I will catch you, I'll be waiting  
Time after time  
Say, time after time, how long, how long  
Time after time, how long will I love?  
Time after time, how long, how long?  
Time after time, how long, how long?  
Time after time, I'll be loving you always  
I'll be loving you always, I'll be loving you always  
I'll be loving you always, I'll be loving you always
