## Foals

She's up in the sky  
She's up in the domes  
She's up in the sky, up in the domeI knew a girl who came from Villa-Luz  
Had a house filled with  
Religious regret and infinite debt,  
Heaven's pressureShe's a light in the dark  
She's out of the door  
She's up in the sky, up in the domesAlabaster lover  
You won't get more  
We make each other  
You won't get more  
You won't get more  
We make each other  
You won't get moreShe's up in the sky and the sky is on fire  
She set the whole neighborhood to life  
Then the people they'll read out all their names  
Run away, run away, run awayAnd with victory the whole world will be ours  
We will build nothing in it  
Nothing in itAlabaster lover  
You won't get more  
We could make other  
You won't get moreAlabaster lover  
You won't get more  
We made each other  
You won't get moreAlabaster lover  
We made each other
