Closer

Marlon Roudette

I can tell by the words,
By the words that you write me,
That it's been a while,
Since you've thought about me.
And I really don't mind,
The way you pass your time

I just want you as I seem to recall
You were the prom queen, right there in front of me
And still out of my reach, now after all these years
You thought about me.

I, I just want you, want you
Close, wrapped around me
It's what I want the most
Now you found me, I want you close
Closer now, where I'm free
Closer now, closer since the words you wrote

What does this all mean?
Unknown territory, something surreal
Just a little bit scary
There's really no need,
So let's take it slowly

I, I just want you
Do you know the way to love?
Givin' too much out,
Have you got it in you?
Is there any left for us?
Do you know the way to love?
I do, I do, I do

I, I still want you,
Close, wrapped around me
It's what I want the most
Now you found me, I want you close
Closer now, where I'm free
Closer now, closer since the words you wrote

Mi must help me feel ?
Closer to mi is where me want you
?

Mi must help me feel ?
Closer to mi is where me want you
?

Do you know the way to love?
Givin' too much out,
Have you got it in you?
Is there any left for us?
Do you know the way to love?
I do, I do, I do

I just want you

Close, wrapped around me
It's what I want the most
Now you found me, I want you close
Closer now, where I'm free
Closer now, closer since the words you wrote
