

# Baby Come On

+44

She's a pretty girl  
She's always fallin' down  
And I think I just fell in love with her  
But she won't ever remember, remember  
And I can always find her  
At the bottom of a plastic cup  
Drownin' in drunk sincerity  
A sad and lonely girl  
Quit cryin' your eyes out  
Quit cryin' your eyes out and baby come on  
Isn't there something familiar about me?  
The past is only the future with the lights on  
Quit cryin' your eyes out, baby  
And she said, I think we're runnin' out of alcohol  
Tonight I hate this f\*\*\*ing town  
And all my best friends will be the death of me  
But they won't ever remember, remember  
So please take me far away  
Before I'm melt into the ground  
And all my words get used against me  
You sad and lonely girl  
Quit cryin' your eyes out  
Quit cryin' your eyes out and baby come on  
Isn't there something familiar about me?  
The past is only the future with the lights on  
Quit cryin' your eyes out, baby  
Quit cryin' your eyes out  
Quit cryin' your eyes out and baby come on  
Isn't there something familiar about me?  
The past is only the future with the lights on  
Quit cryin' your eyes out  
Isn't there something familiar about me?  
Quit cryin' your eyes out  
The past is only the future with the lights on  
So quit cryin' your eyes out, baby
