Sarah Lou

Lacrimas Profundere

Come on SarahFor you, you said
Leave me alone
So what did I have
I died forTry to understand
I did it all I wanted you
Sarah LouBut you can't deny
That every time was just for you
Sarah LouNo more no end
To beg for you
But just don't trust
It's overTry to understand
I did it all I wanted you
Sarah LouBut you can't deny
That every time was just for you
Sarah LouTo finish it
What have you done for me
I will do something for you
After all that shitYou will spit your blood
Breathe your last breath for me
Leave meTry to understand
I did it all I wanted you
Sarah LouBut you can't deny
That every time was just for you
Sarah LouTry to understand
I did it just for you
[Incomprehensible]
Sarah LouBut you can't deny
I did it just for you
