

Make It Easy

The Moondoggies

We never wanted,
We never gave
We never wanted,
We never gave
We never wanted,
We never gave
We never wanted,
We never gave.
Don't make it right
Don't make it right
Don't make it right, make it easy,
 Make it easy,
 Make it easy,
 Make it easy,
I've been feelin so low,
Seein the early sun grow
Strange is what I know
Dreaming of the towns flow
And I know that it shows
But you know how it goes
 Don't make it right
 Don't make it right
Don't make it right, make it easy
 Now I'm livin uptown
You know its been bringin me down
When are you gunna come 'round?
 And pick me up off the ground
 Don't make it right
 Don't make it right
 Don't make it right
 Make it easy.
