Thank You

Kaci Brown

Thank you, for being everything you always are
For being there like no one else you know my heart
Do you realize that's what you've done for me
You made me see that love is worth believing in
I want to thank you
For being the one thing I can count on in my life
For always giving more than you have to give
I love you for everything you do, I just want to thank you
Yeah, thank you
I want to give you all you've given me
From the sweetest gifts down to the little things
Anything you need, everything I am
I'll be loving you until forever now

I want to thank you
For being the one thing I can count on in my life
For always giving more than you have to give
I love you for everything you do, I just want to thank you
From sunrise to sunset, you know I'll do my best
To say thank you, thank you
I want to thank you
For being the one thing I can count on in my life
For always giving more than you have to give
I love you for everything you do, I just want to thank you
I just want to thank you, and I thank you
