Misfit

High Dive Heart

I see you crying, crying like
you can't take no more
I know you're hiding, but
I don't know what you're hiding for
You're like a diamond shining
underneath a billion rocksOne of a kind, that don't mean
that you're all alone
Not even trying, but damn
I think it's beautiful
been looking for another like ya
but they're out of stockDon't quit doing what you're doing
cause you're different
I know people say that you're a misfit
but that's the thing I like about youDon't listen to all the crazy shit
that they've been spittin'
You know better than to try to fit in
That's the thing I like about youDon't listen to the lie lie
lie lie lie lie lie lie lie lie lie lie
lie lie lie lie lie lie lie lie lie lie
That's the thing I like about youYou're from the future,
a futuristic fantasy
That style you're rockin'
is from another galaxy
Everybody's secretly wishing that
they could be like you
You're like an alien, pick you out
of a crowd inside a stadium
Ain't nobody else walkin' to the beat you drum
except for me I'm following youDon't quit doing what you're doing
cause you're different
I know people say that you're a misfit
but that's the thing I like about youDon't listen to all the crazy shit
that they've been spittin"
You know better than to try to fit in
That's the thing I like about youDon't listen to the lie lie
lie lie lie lie lie lie lie lie lie
lie lie lie lie lie lie lie lie lie lie
That's the thing I like about youStones and sticks and bullets from lips
no they ain't ever taking us out

Stones and sticks and bullets from lips
no they ain't ever taking us outDon't quit doing what you're doing
cause you're different
I know people say that you're a misfit
but that's the thing I like about youDon't listen to all the crazy shit
that they've been spittin'
You know better than to try to fit in
That's the thing I like about youDon't listen to the lie lie
lie lie lie lie lie lie lie lie lie lie
lie lie lie lie lie lie lie lie lie lie
That's the thing I like about you (3x)
