#1 Is Number Two

The Soviettes

You'll get left out if you reach the top
You'll feel let down like you wanted more
You'll get no love from the ones who should
Love you the most but they're fading
Never count on the ones who say, "I'll never tell so you can tell me now"
Break it off cause they'll break your heart, they won't care about you
But if you're wrong and they stick around
They'll help me up when I hit the ground
I'm careful about who I let in
They say they care for me, don't they?
