

First Fires

Bonobo

Now do you see it, the dream is gone
Fatal fire, moving on
Why do you need it in the ways to come
Over you, the undertone Honestly, I can't believe it's burning again
Like the first fires
Run from fences, you don't have to pretend
First fires And if you find it don't let go
For a time keep it going
Don't even fight it, the leaves fall
Over me, this heavy load Honestly, I can't believe it's burning again
Like the first fires
Run from fences, you don't have to pretend
In the first fires And all your memories are caught in the burn
For the first fires
Honestly, I can't believe it's burning again
Like the first fires Like the first fires Honestly, I can't believe it's burning again
Honestly, I can't believe it's burning again
Like the first fires
