

# Pick Up The Pieces (instant star)

[Alexz Johnson](#)

If I was a drift on an ocean all alone  
You came and rescued me  
When I was far from home  
Rush of love around my heart  
Just as I fell apart[Chorus]  
Nobody ever cared as much for me (as much for me)  
Nobody's touched my heart and healed my pain  
You've picked up the pieces and put me back together again Oh ya  
Careful, we're fragile and easily we break  
In your arms I'm certain  
It's all the love we make  
Rush of love around my heart  
Just as you take my hand[Chorus] I'll write you name in  
Stars across the sky (stars across the sky)  
We'll drift away in  
To each others eyes  
Hey ya (Hey ya) Hey ya ya ya ya ya, oh ya ya[Chorus: x2] Nobody ever cared as much for me (as much for me)  
Nobody's touched my heart and healed my pain  
You've picked the pieces and you've put me back together again
