

# Vaseline

[Khan](#)

This one's called Vaseline When you're stuck like glue  
Vaseline  
When you need some goo, ah When you're stuck like glue  
Vaseline  
When you're black and blue Vaseline  
La, la, la, la  
La, la, la  
La, la, la When you're stuck like glue  
Give me some When you're stuck like glue  
If you'd like to woo Vaseline  
La, la, la, la  
La, la, la  
La, la, la If it's hard like you  
Give me some  
Do you need a clue?  
I want some Vaseline, Vaseline  
Vaseline, Vaseline  
Vaseline, Vaseline
