

The Okie from Muskogee's Comin' Home

Merle Haggard

Well, me and Roy Nichols and couple other fellows in the band
We got to talking it over and thought we'd take off a little time if we can
I don't mean to say I'm quitting, I'm
just tired of making love to a telephone
I'm coming home if I can find me a flight this morning, man
The Okie from Muskogee is coming home
Play it, Ken
It has been twenty years of traveling
Twenty years of living out on the road
Learning these chords and learning these songs
Paying up all these dues they said I owe
And I may always be a rambler never lose the urge to roam
I'm coming home if I can find me a flight this morning, man
The Okie from Muskogee is coming home
Count it up, Marc
