Meet Me Midnight

Renee Olstead

Meet me midnight, thats when things get nice
And my place midnight, don't forget the ice
Don't look for me in the light of the day
I wait till midnight to come out and play
Meet me midnight, oh thats my paradise
Meet me midnight, oh baby, you can be my guest
Just make it midnight, oh, you fill in the rest
Some rise at sunrise and think it's a wow
Thats very nice if your milking a cow
Not me, midnight thats when it's the best, hit it

Oh baby meet me at midnight, that's my time of the night
See ya, see ya at midnight
Wine and candlelight
Some like to rise at the crack of the dawn
I tried it once and the dawn is the yawn
Meet me at midnight, we'll start the new day right
I dig when midnight rolls along
And there's a fella that's goin' strong
Poor Cinderella, she had it wrong
Midnight, that's the name of this song
