Sargasm

Rich Kids on LSD

Things have changed today,
Life's just crazier in ways
Can't let daily stresses get on you.
You struggle all day long and when things start to go wrong,
I can't hold back my smart-ass attitude.
Sargasm!
A tactic we use, just strategy
Helps me from coming unglued
So don't take offense!
You're just burnt like the rest!
Gotta get this line off my chest,
Laughing at you!
Got nothing else better do. No.
Had to say it 'cause you set it up that way,
I can't keep control of my mouth!
Ohhh!
By now you think we're assholes,
Don't have to think twice.
Fuck you too!
Oh really, that's nice.
We feed off your last word and then you leave 'cause you're so burnt.
Laughing at you gets me off!
Sargasm!
A tactic we use, just strategy
Helps me from coming unglued
So don't take offense!
You're just burnt like the rest!
Gotta get this line off my chest,
Laughing at you!
Got nothing else better do. Ohhh.
It's not that we hate you or can't stand your face
We just really don't care what you say at all!
