Love Shot Me Down

Night Ranger

I used to be on a one-way ride
I played it all so rough like a molitovSomething's happening to me I don't know why
You got me spinning off the edges of my mindI still recall when I first met you
Yeah, you shook me out did you want me too?Now I'm living off the pictures on my wall
They're black and white or Kodak color, I don't knowOh, whoa, love's shot me down
(Love has shot me down)
Oh, no
(Shootin' me down, yeah, yeah)Oh, whoa, love's shot me down
(Love has shot me down)
Oh, no
(I'm going down, down, down, yeah)I need to be all alone with you
Yeah, I'll do the things that you want me toThere's a thousand numbers I could surely call
But your's the one that's got me spinning off my bedroom wallsOh, whoa, love's shot me down
(Love has shot me down)
Oh, no
(Shootin' me down, yeah, yeah)Oh, whoa, love's shot me down
(Love has shot me down)
Oh, no
(I'm going down, down, down, going down)Love shot me down
Love shot me downOh, whoa, love's shot me down
(Love has shot me down)
Oh, no
(Shoot, shootin' me down, yeah, yeah)Oh, whoa, love's shot me down
(Love has shot me down)
Oh, no
(I'm going down)Oh, whoa, love's shot me down
(Love has shot me down)
Oh, no
(No, no)
