Pyramid

Danny Scerbo

Itâ€™s a bitter sweet thing that you left me when I needed you the most
But it wasnâ€™t just me, I really think that you needed me, too
You have a cold heart! You left me when I needed you
You kicked me out like I meant nothing to you, just so you could say,
â€œIâ€™m right, youâ€™re wrong, and you ainâ€™t never ever gettinâ€™ youâ€™re way!â€•
You are a selfish brat! You left me when I needed you

And we are through, but I sure wonâ€™t miss seeinâ€™ you
And all the terrible things you do
You might think I'm still angry but I'm not, I just hate you

Woah! Oh! Oh! Donâ€™t you know that what you did was wrong?
Tryinâ€™ to be something you are not
Building a pyramid youâ€™re on top
This is not at all what you have to do! Youâ€™re acting like a teenage dude!
Tryinâ€™ to be something you are not
Building a pyramid youâ€™re on top

Itâ€™s a bitter sweet thing that you left me in the middle of a song
I was shocked at first, but now I know that it was time to move along
You were acting funny after all
Goodbye, goodbye, donâ€™t call me back!
Itâ€™s too late now for any terrible excuses
The whole world knows now that you're just plain old abusive
So if I saw you all alone, I wouldnâ€™t turn and moan, Iâ€™d flip my middle finger into your sight and spit into your
eye like, â€œWhoâ€™d you think you are to ruin all our memâ€™ries and leave a nasty scar?â€•

Woah! Oh! Oh! Donâ€™t you know that what you did was wrong?
Tryinâ€™ to be something you are not
Building a pyramid youâ€™re on top
This is not at all what you have to do! Youâ€™re acting like a teenage dude!
Tryinâ€™ to be something you are not
Building a pyramid youâ€™re on top

Just when I thought that you would support me
Just when I thought that you would be friendly
Just when I thought that you were someone more to me
Just when I thought that you would be loving
Just when I thought that you would be happy

Just when I thought thatâ€¦You went and threw me away so easily

Woah, oh,oh...Donâ€™t you know that what you did was wrong?
Tryinâ€™ to be something you are not
Building a pyramid youâ€™re on top
This is not at all what you have to do! Youâ€™re acting like a teenage dude!
Tryinâ€™ to be something you are not
Building a pyramid youâ€™re on top
Woah! Oh! Oh! Donâ€™t you know that what you did was wrong?
Tryinâ€™ to be something you are not
Building a pyramid youâ€™re on top.
