

You Are Not Alone

Live

So many people die everyday
Who lived everynight without hope
Spendin' their time just standin' in line
Tuggin' on society's coat
So many people live everyday
Like they ain't never gonna get old
Doin' their time like carps in the slime
Submarines with no periscopes
Ooh, ooh, you are not alone
Ooh, ooh, you are not alone
So many people keepin' the pace
Just the other side of grace
Fakin' their smiles, just the rank and the file
Wild cheetahs put in a cage, oh baby now
So many people can't see the signs
Even know their eyes are just fine
Hittin' the stage a day late for the show
Astronomers with no telescopes
Ooh, ooh, you are not alone
Ooh, ooh, you are not alone, no child
Ooh, you are not alone, no child
Ooh, you are not alone
Nothin' in the world could keep me
From lyin' next to you
Nothin' in the world could keep me
From flyin' next to you
So many people die everyday
Who lived every night without hope
Spending their time just standing in line
Tuggin' on society's coats
Ooh, ooh, you are not alone
Ooh, ooh, you are not alone, no child
Ooh, you are not alone, no child
Ooh, you are not alone
You are not alone, yeah
Not alone
Not alone
Not alone
Not alone

Not alone
Not, never alone
