

# Cosmic Hero

## Car Seat Headrest

If you really wanna make it last  
You could commit yourself completely  
You could lie down in the river at last  
And let the dread complete you  
And if you really don't want the pain  
You can disengage completely  
Because it wasn't healthy anyways  
And you've got a job and a family  
If you really wanna fall asleep  
Then you'll have to find some punctuation  
And if you wanna ride it out to the end  
You can tie your thoughts together  
And if you really wanted to be kind  
You'd have forgiven them a long ass time ago  
And if you really wanna know how kind you are  
Just ask yourself why you're lying in bed alone  
I know you wish my flesh would yield  
I love you but I can't stand the touch  
And of course I'm alright with death  
But why you talk about it so goddamn much?  
I will go to heaven  
You won't go to heaven  
I will go to heaven  
I won't see you there (x4)  
If you really wanna know yourself  
It will come at the price of knowing no one else  
This guy, he was so high  
I asked my friend to punch him out  
Can you kick his ass?  
Can you kick his ass for me?  
And if you really wanna make the change  
Then you would cut yourself off completely  
But if you just want it to be ok  
It will never be ok  
It'll be alright  
It'll be alright (fuck)  
It'll be alright (fuck you)  
Now you gotta change addresses again  
If they knew where the fire was they'd put it out  
Someone's knocking on your door  
Fire turned towards me with an open mouth  
And if you don't come home tonight  
You will never call it home again  
And if you need some peace and quiet  
There is room for all in heaven  
I will go to heaven  
You won't go to heaven

I will go to heaven  
I won't see you there  
I will go to heaven  
You won't go to heaven  
I will go to heaven  
I won't see you there
