

Country Rock Star

Marcel

When I grow up, I wanna play guitar
Sing my songs and go real far
I wanna be a country rock star I grew up with the radio on
It was AM-FM all day long
With hopes and dreams that I would be
Singin' my songs on MTV
I liked Guns n Roses, Johnny Cash John Cougar Mellencamp, the Knack
Singin' oh, My-Ma-Ma-Ma-My Sharona
I Hurt So Good in a Ring of Fire
American Pie, I Will Survive
The Bee Gees sang, I was Stayin Alive I was singin' that song on the radio
Rock on
Had my Blue Suede Shoes on
Developin' a little lockjaw, yee-haw
Doin' the Michael J moonwalk just for fun
Boot Scootin Boogie with Brooks and Dunn I was singin' in the shower
I was singin' in the rain
I was singin' on the way to work in my car
I wanna be a country rock star Singin' Air Supply, playin' air guitar
I was up on stage at a karaoke bar
Coincidental I was feelin' sentimental
Got a little goose-bumps from an instrumental
Springsteen sang the Glory Days
"I was born in the U.S.A." I was singin' that song on the radio
Rock on
Had my Blue Suede Shoes on
Developin' a little lockjaw, yee-haw
Doin' the Michael J moonwalk just for fun
Boot Scootin Boogie with Brooks and Dunn I was singin' in the shower
I was singin' in the rain
I was singin' on the way to work in my car
I wanna be a country rock star
(Country rock star) You got to put your mind to it
Got to be the best, dont settle for less
Dont sell yourself short, dont be afraid
You never know; its a chance to take I was singin' that song on the radio
Rock on
Had my Blue Suede Shoes on
Developin' a little lockjaw, yee-haw

Doin' the Michael J moonwalk just for fun
Boot Scootin Boogie with Brooks and DunnI was singin' in the shower
I was singin' in the rain
I was singin' on the way to work in my car
I wanna be a country rock star
(Country rock star)I wanna be a country rock star
(Country rock star)
(Country rock star)
(Country rock star)
