

# Your Love

## Furns

Out there, so alone here  
Without you, the things you do  
When you're with me, the sun is always shining  
Night fall of the the things to discover with each other  
When you're with me, it's like I dream  
Never ending all, never ending  
Trouble always seems to come  
Whenever we are having fun  
Ohh my love  
I need your lovin'  
To keep me moving on  
I need your lovin'  
To somewhere I belong  
I need your lovin'  
To keep me moving on  
I need your love  
Out there, so alone here  
Without you, the things you do  
When you're with me  
The sun is always shining  
Trouble always seems to come  
Whenever we are having fun  
Ohh my love  
I need your lovin'  
To keep me moving on  
I need your lovin'  
To somewhere I belong  
I need your lovin'  
To keep me moving on  
I need your love
