

# Fever

[Eva Cassidy](#)

Never know how much I love you  
You never know how much I care  
When you put your arms around me  
I get a feeling that I just can't bear  
You give me fever when you kiss me  
Fever when you hold me tight  
Fever in the morning  
Fever all through the night  
Bless my soul I love you  
Take this heart away  
Take these arms I never use them  
And just believe what my lips have to say  
You give me fever when you kiss me  
Fever when you hold me tight  
Fever in the morning  
Fever all through the night  
Listen to me baby  
Hear every word I say  
No one can love you the way I do  
Because they don't know how to love you my way  
You give me fever when you kiss me  
Fever when you hold me tight  
Fever in the morning  
Fever all through the night  
The sun lights up the daytime  
The moon lights up at night  
My eyes light up when you call my name  
Because I know, you're gonna treat me right  
You give me fever when you kiss me  
Fever when you hold me tight  
Fever in the morning  
Fever all through the night  
You give me fever  
You give me fever, oh yeah  
Fever all through the night
