Pearl's Girl

Underworld

Rioja Rioja, Reverend Al Green
Deep blue move on coal
The water on stone
The water on concrete
The water on sand
The water on fire, smoke
The wind the salt
The bright laconic
Dave and the water old man
Einstein on top of his house white
Deep blue Andalusia
Red yellow, red yellow black
Car red light on a black plays white
Blue chair Morocco and the Paris
The pieces of the puzzle are waiting
The water of the dark boats
Planning the life boat?s gone out to sea
Dave is floating, Dave is floating
And old man Einstein, crazy in his attic
Wise room, sun room, shadow room
Night transmitting cars across the room
These things sent to dance across the room
I?m watching from your bed returning to you
Rioja Rioja, Reverend Al Green
Deep blue move on coal
The water on stone
The water on concrete
The water on sand
The water on fire, smoke
The wind the salt
The bright laconic
Dave and the water old man
Einstein on top of his house white
Deep blue Andalusia
Red yellow, red yellow black
Car red light, on a black plays white
Blue chair Morocco and the Paris
The pieces of the puzzle are waiting
The water of the dark boats

Planning the life boat?s gone out to sea
Dave is floating, Dave is floating
And old man Einstein, crazy in his attic
Crazy, crazy, crazy
...
