

# If I Had a Girl

[Nerina Pallot](#)

I'm a rock, I'm an island  
Don't need no-one to love me  
At the end of the world  
There'll be no man above me  
I work the live-long day  
To do things my way  
But if I had a girl  
I would tell her this Oh, your no means no  
But your skirt comes into question  
That you asked for it  
Will be the main suggestion  
You'll work the live-long day  
To take home half the pay  
So if I had a girl  
I would tell her this You gotta be bolder, better, harder, faster  
Don't take no shit off your lord and master  
Don't listen when they see how far you've come  
'Cos you go and work and you raise the babies  
Then you work some more, now listen ladies  
If you think we're done, we've only just begun.... Well, you go to school  
And they tell you that you're equal  
But in the big wide world  
That just means half the people  
And one thing you won't see  
There ain't no dicks on page 3  
So if you have a girl  
Please remind her of this
