Vagina Mine

Puscifer

Out to run a train at the railway station
Shotgun Betty stoppin' dead at my shoes
Out to run a train at the railway station
Shotgun Betty stoppin' dead at my shoes
Conquered long dungeons and learned the damn alphabet
I come before you, get to payin' your dues
Head down to the town to get on this Puscifer
Time to roll call, kids hear the school bell ring
This vagina mine teach you patient diligence
Keep the chain gangs waiting, make a cat, bird sing
Down this vagina mine
Down this vagina mine
Headed down to the town to get on this Puscifer
Time to roll call, kids hear the school bell ring
This vagina mine teach you patient diligence
Keep the chain gangs waiting, make a cat, bird sing
This vagina mine, one track, tunnel vision now
This vagina mine, one track, tunnel vision now
This vagina mine, one track, tunnel vision now
This vagina mine, one track, tunnel vision now
This vagina mine, one track, tunnel vision now
This vagina mine, one track, tunnel vision now
This vagina mine, one track, tunnel vision now
This vagina mine, one track, tunnel vision now
This vagina mine, one track, tunnel vision now
This vagina mine, one track, tunnel vision now
This vagina mine, one track, tunnel vision now
This vagina mine, one track, tunnel vision now
This vagina mine, one track, tunnel vision now
