

# Power on Me

Katy B

Can't hide my plea  
No, you're in front of me  
Face says you're here and I'm wanting you  
Can't hide my frustration  
Nor my intention  
Tell me how do I get to you  
It helps decide but maybe I  
I'm a little less stubborn than you  
So it hurts my soul, I may never know  
Just exactly how I feel for you Uh, does it make you feel good  
Knowing that you could  
Have power on me  
And uuuh uh, does it make you feel good  
Knowing that you could  
Have power on me I wish I'd seen when it happened to me  
That I could fall to you so deeply  
So glad I knew not to rush things with you  
'Cause now you've grown on me so naturally  
So intriguing you got me feeling  
I could stay witchu for hours  
So why's your hold so warm then cold  
Oh please don't be a coward Uuuh, does it make you feel good  
Knowing that you could  
Have power on me  
And uuuh uh, does it make you feel good  
Knowing that you could  
Have power on me (Have power on me)  
(Have power on me)  
(Have power on me)  
(Have power on me)  
(Have power on me)  
(Have power on me) So does it make you feel good  
Cause that's the only way I want you to feel with me  
Now what's it make you feel like  
Do you feel somehow you could open up your heart to me  
Do you feel somehow you could open up your heart to me Uuuh, does it make you feel good  
Knowing that you could  
Have power on me  
And uuuh uh, does it make you feel good

Knowing that you could  
Have power on me  
(Have power on me)  
(Have power on me)  
(Have power on me)  
(Have power on me)(Have power on me)  
(Have power on me)  
(Have power on me)
