

Root Doctor

Buddy Ace

Verse:

Some rosemary and a little sassafras
I mix it up in a two ounce glass
Some prune juice and a little breakfast tang
Mix it all up, I got some insta cold tang

Chorus:

Cause Iâ€™m the Root Doctor
Yeah yeah yeah
(Root Doctor)
Awww
The pretty girls come from miles around
(Yes they do)
Just to taste my root tonic
Doggone it (Doggone it)
Iâ€™m just a little ole medicine man
Givinâ€™ the ladies a helping hand
Uhuh

Verse:

Now wait a minute
You ainâ€™t heard the rest
Iâ€™m gone slap a little dab across yo breasts
And just when you think itâ€™s over
All of a sudden
You will feel a tingle around your belly button

Chorus:

Cause Iâ€™m the Root Doctor
Yeah yeah yeah
(Root Doctor)
Oh Lord
The pretty girls come from miles around
(Yes they do)
Just to taste my root tonic
Doggone it (Doggone it)
Iâ€™m just a little ole medicine man
Givinâ€™ the ladies a helping hand

Awww

Music Break

Verse:

The stuff I use to some is strange
But I ainâ€™t never had a patient to complain
I tighten it up a little bit here
And I touch it up a little bit there
Sometime Iâ€™m so involved
That I have to come up for air

Chorus:

Cause Iâ€™m the Root Doctor
Yeah yeah yeah
(Root Doctor)
Ohhh
The pretty girls come from miles around
(Yes they do)
Just to taste my root tonic
Doggone it (Doggone it)
Iâ€™m just a little ole medicine man
Givinâ€™ the ladies a helping hand
Ohhh

Bridge:

Iâ€™m yo man when you need a hand
Iâ€™m yo man when you need a hand
Ohhhhhhhhhh
Call yo Root Doctor man
Uhuh
Iâ€™m yo man when you need a hand
Iâ€™m yo man Iâ€™m yo man when you need a hand
Woahhhhhh
Call yo Root Doctor man
