Little One

Highly Suspect

I'm cornered in fire so break out the secrets
I hope you know that you were worth it all along
I'm tired, you're angry, and everyone looks blurry
I love you. I'm leaving; so longHey, little one
I'm so scared of what this could have been
I know that today I lost my only friend
My little one
The places I took you, they seem so fucking empty
I have trouble going anywhere at all
Especially my own bedroom
And it stays awake to haunt me
So passed out, black out, drunk in another bathroom stallHey, little one
I'm so scared of what this could have been
I know that today I lost my only friendHow long must I justify my pain through these songs?
How long, how long?Hey, little one
I'm so scared of what this could have been
I know that today I lost my only little one
(My little one)
I'm so scared of what this could have been
I know that today I lost my only friendHow long must I talk about my pain in these songs?
How long?It's raining, It's sunny
It doesn't make a difference
I don't care about anything at allIt's raining, It's sunny
It doesn't make a difference
I don't care about anything at all
