# RÃªves d'Absinthe

## Natasha Luna

My rage has not yet been enough
I never dare to pull the trigger or to take the knife out
So I'm gonna drink this dream
I'm gonna follow that path and take them all
'cause they've asked for it
through their acts, through their words, so said the hole
Je prendrai soin de m'en souvenir de leurs noms,
(tendrÃ© cuidado de no olvidar sus apellidos)
leurs prÃ©noms, (sus nombres)
leurs couleurs les plus aimÃ©es (sus colores preferidos)
Je serai aimable et douce mÃªme avec leurs yeux
(serÃ© amable y dulce incluso con sus ojos)
So I'll dance for the very first time
and I promise I'll enjoy my life this time

Guinevere said I could bring the axe with me
And she told me to follow nothing but the green road
Tell me where that is
Yes I've dreamt of it
But sometimes I get numb
for this conscience I've been born with
makes me doubt, never settle, in my mind there's two people always fighting

Oh, here it comes
I know it will get there, yes there
And just this once I'll dare to be that person unafraid
and then I'll go back to that self so dumb
you all laugh about
Yes, I've heard

Anyhow I'll end up with you
