

# Wild Women

## Michael Learns to Rock

Can I act like an angel  
If I live like a jerk  
Can I keep on disguising  
Can I make believe  
That I don't deceive  
No, no, no Send the wild women out the backdoor  
My wife is knocking at the frontdoor  
They made me a winner they made me a sinner  
I don't know what to do  
Dirty money in my left hand  
While the preacher's shaking my right hand  
They made me a winner they made me a sinner  
I don't know what to do When I'm riding on top of  
The wave of success  
Will I lose my devotion  
Will I fail to see  
What I used to be  
Oh, oh, oh Send the wild women out the backdoor  
My wife is knocking at the frontdoor  
They made me a winner they made me a sinner  
I don't know what to do  
Dirty money in my left hand  
While the preacher's shaking my right hand  
They made me a winner they made me a sinner  
I don't know what to do
