Drunk Paradise

Rotten Bark

She's waking up between the bottles on the floor
It's vomit time! Her throat is getting out of control
Flames in her hair and heroine in her eyes
She sold memories at the bar
She's in drunk paradiseCrawling down the street
Pissin' on bus station
Little dirty feet
In a center of attentionLoosing world
And loosing days
Alcohol is swimming in her veins
She got stuck in a cage
She is paranoid and out of rage(on and on)
She's livin' in drunk paradise
(nailed and stoned)
Livin' in paradiseShe's a redhead anorectic superstar
Playing at the square on a shitty guitar
Roses in her pants and broken nose between her eyes
She's pathetically freakin' out
She's in drunk paradiseCrawling down the street
Pissin' on bus station
Little dirty feet
In a center of attention(on and on)
She's livin' in drunk paradise
(nailed and stoned)
Livin' in paradise(P.A.R.A.D.!.S.E.)(on and on)
She's livin' in drunk paradise
(nailed and stoned)
Livin' in paradise
