Advisory - the following lyrics contain explicit language:

A lot of you females got me twisted. You assume just because I'm a rapper, you can approach me in a ho-ish way and get something out of it. Shit, you'd be lucky if you walk away with an autograph..bitch. You better come correct[Hook]I'm a beam just like the shining sun
But I'd be a fool if I say you're the one
And I'd be the water that's raining down on the land
But I won't be your man
You see I got other plans
You know what you know what
I'm not introducing you to mama [X 4][Verse 1]Man it's so hard to find a girl who's close to having a mind state like me
A lot of you drink and smoke, suck a lot of dick on the low and probably got HIV
Don't get mad when you get played by me I'mma keep it real til the day I D-I-E
And for you girls who be up in the club innocent age with a fake ID
Listen, I don't give a fuck what you believe most guys don't want you to see
That they just wanna get your ass under the sheets fuck you then leave I don't what bumped you to be
So stupid now you're crying your eyes out he's long gone and you're trying to find out
But I'm telling you why so don't cry baby girl now it's time for you to be back on the right route
Back to me, actually, I got a lot of girls throwing they ass to me
I throw it right back at 'em so happily can't believe that they have the audacity
To even do that shit, like I'm that guy. Bitch come down cuz you're not that fly
Kiss the first night, it's not that time. No hoes hopping inside my ride[Hook][Verse 2]
Every girl I meet, always talking bout "I don't even wanna know Hopsin, ewe
Yeah, he got some skills but every time he put them eyes in it look like he popped some pills
I just wanna know Marcus, he's a sweet little innocent boy, oh god
I'd date him with no prob. And if he wanted to I'll let him beat the pussy with no condom."
Bitch, whats your problem. You expect me to be optim
Mistic, With the mischief you bring you senseless bitch you out of
Your mind I know you like the fact I'm so bad when I spit up on the track
Black and I rap with a little bit of swag and happen to have a little money in the back
What the fuck do you got that'll impress me so I can feel half of the magic?
A loose vaginal passage, uh uh bitch put that back in the package
I feel so sick and lonely, I want a real girl that will get to know me

No charcoal breath who be hitting a stogy and not one that'll say shit to blow me[Hook][Verse 3]
I like nature, ah you too? Wow, we got so much in common boo
Don't be assuming that I'm going to love you cuz if you do I'll cut you out of my life I promise you
I'm down to earth and I'm an honest dude. You barley be giving me any homage dues
I would infinitely regret it and probably get a headache if I was stupid and got with you
How many guys have you let bone you? (Uhhh?) Let me guess, you don't have no clue huh?
Could of been 5, could have been 10, could have been a million nigga's that hopped on you huh?
I ain't trying to be another one on the list, that'll make me a true son of a bitch
Yup I know how you work, you ain't nothing but a flirt baby girl that's one of the risks
Best believe that I'mma pass on that, ain't got time for no asshole acts
You say you a good girl that's no fact, can't roll smooth cuz your axles cracked
You can't find a good man that's so sad, I think its because you act so wack
So don't be trying to blame the world for your nonsense bitch I'll fuck around a smack yo ass[Hook]Outro
Baby, maybe we can meet up tomorrow and we can give it one more try
But in the meantime I'mma have to say goodbye baby cuz right now you're not my type
Now listen, I'm not introducing you to mama [X 4]
