My Only

Goodnight Nurse

What happened to you and me?
One moment changed everything
It's done and there's no way to take it back
Mistake gave me the pain I never had
There is no way to justify it so
Now I breathe in and let it goThis is the end of everything
Goodbye my only
I hang my head and I give in
Goodbye my only friendPart of me I'll never see
Come visit me in my dreams
I feel my actions are destroying me
Deep down below the shallow life I lead
The pain is mine to keep and call my own
I'll carry it until I'm goneThis is the end of everything
Goodbye my only
I hang my head and I give in
Goodbye my only friendI can't fogrive myself that I let go
My life is worth no more than yours I knowThis is the end of everything
Goodbye my only
I hang my head and I give in
Goodbye my only friend
