Wax Dolls

Fischer-Z

I make faces, I make faces
But I can't get into your window
I make wax dolls, I stick pins in
To the most exciting placesOh, you're so aluminium
Oh, you're so aluminium
It could be so lovely, it could be so lovelyYour name's gorgeous, your name's ugly
Your name's written on my tombstone
Your name's worthless, your name's useless
Your just another welfare numberOh, you're so aluminium
Oh, you're so aluminium
It could be so lovely, it could be so lovelyOh, oh, oh, you're so aluminium
Oh, oh, oh, you're so aluminium
It could be so lovely, it could be so lovelyI make faces, I make faces
But I can't get into your window
I make wax dolls, I stick pins in
To the most exciting placesOh, you're so aluminium
Oh, oh, oh, you're so aluminium
It could be so lovely, it could be so lovely
