

# Steer

## Khia

Why'd you lead me on?  
Where did we go wrong?  
Same sad song  
Why'd you steer me wrong?  
Puttin' crazy thoughts in my head  
Puttin' crazy thoughts in my head  
Puttin' crazy, crazy, crazy thoughts in my head  
Puttin' crazy thoughts in my head  
I remember what you said  
When you were layin' in my bed  
Believin' every word you say  
Puttin' crazy thoughts in my head  
You painted a picture  
So sweet, I can taste  
Lies undetected  
Not even a trace  
Why'd you steer me wrong?  
You get me holdin' on  
When you were already gone  
Already gone  
Why'd you lead me on?  
Where did we go wrong?  
Same sad song  
Why'd you steer me wrong?  
Make believe  
Figured that you'd never leave  
Now you got me thinkin' twice  
When you wanna spend the night, baby  
Now if a man only has his word  
Then you would be speechless  
So you can understand  
Why I don't understand?  
Why'd you steer me wrong?  
You get me holdin' on  
When you were already gone  
Already gone  
Why'd you lead me on?  
Where did we go wrong?  
Same sad song

Why'd you steer me wrong?  
You performed a charade, yes you did  
Luke warm, a game played with me  
Day one, I stayed  
'Cause I thought you cared for me  
And I'm still wondering why?  
You preformed a charade, yes you did  
Luke warm, a game played with me  
Day one, I stayed  
'Cause I thought you cared for me  
And I'm still wondering why?  
Why'd you steer me wrong?  
Kept me holdin' on  
When you were already gone  
Why'd you lead me on?  
Where did we go wrong?  
Same sad song  
Why'd you steer me wrong?  
Why'd you steer me wrong?  
Where did we go wrong?
