

# Nobody cares

## Para One

Well, nobody loves me, baby  
    Nobody seems to care  
Well, nobody loves me, babe  
    Nobody seems to care  
Well, ever since my mother passed  
    Nothing but misery everywhere

Well, I ain't got no money, baby  
    And my best friends have put me down  
Hallelujah, I said I ain't got no money, baby  
And my best friends have put me down, oh Lord  
    Well, all of my good-time buddies  
    Don't even come around

Well, if you listen to me, baby  
    Maybe I could find a new life in you  
Well, if you listen to me, baby child  
    Maybe I could find a new life in you  
Well, if you'll be mine forever, baby  
    Child, I never can be blue
