Once Is Never Enough

Saga

You say, I can't then I have to
Have all the things that I don't need
I guess it's human nature
The animal in meYou can call it my obsession
You've got me under your spell
If there's something that I am wanting
I'll just help myselfThrill of the chase
When you get what you want
Will that be enough?Thrill of the chase
When we find, you can't stop
Once is never enoughI like to touch the fire
Maybe some day I'll get burned
After all this chasing
Don't think I'll ever learnSo when you see me coming
You can run but you can't hide
'Cause when I know just what I'm after
I won't stop until I dieThrill of the chase
When you get what you want
Will that be enough?Thrill of the chase
When we find, you can't stop
Once is never enoughI don't know what I want to
Have all the things that I don't need
Must be human nature
Or it's the animal in meThrill of the chase
When you get what you want
Will that be enough?Thrill of the chase
When we find, you can't stop
Once is never enoughThrill of the chase
When you get what you want
Will that be enough?Thrill of the chase
When we find, you can't stop
Once is never enough
