

Yirawala

Trevor Hall

Sailin' on, on high, on high
A story told of Papa's eyes, Papa's eyes
Know your land, know where you came from
Know your land now
Know your song and the sands it sang from
Know your song and pass it down
Dream time unfold, unfold
Star tribe, we roam, we roam
Know your blood, know who gave birth child
Know your blood now
Know the earth, know who came first child
Know the earth and pass it downIf you cut that tree
Oh we'll never gonna be
If you cut that tree
Oh we'll never gonna be
If you cut that tree
Oh we'll never gonna be
If you cut that tree
Oh we'll never ever gonna be freeYou are the painter of the dreamin'
Dear Mama, come and start your healin'
We call all the generations
Aho, gathering of nations
Spirit heard, fly into the heart land
I offer everything in my hands
Dream ridin'
All of the directions
Offering protectionIf you cut that tree
Oh we'll never gonna be
If you cut that tree
Oh we'll never gonna be
If you cut that tree
Oh we'll never gonna be
If you cut that tree
Oh we'll never ever gonna be free
