

Angel

Robin McKelle

Angel where you going
Have you got a clue
Cause I could use some time
time spent with you

Angel where you going
Have you been around
Cause Iâ€™ve been looking for you
No luck did you skip town?
Itâ€™s a long way
A long way down

Angel where you going
Can I catch a ride
Cause your in such a hurry
You didnâ€™t even say goodbye

Feel like Iâ€™m flying
My feet donâ€™t touch the ground
Cause angel youâ€™re inside me
And itâ€™s a long, long way down
Long way, long way down

One more time Iâ€™ll ask you
Stay with me and play
Cause Iâ€™m saying that we both know
That Iâ€™m safe, oh wo

One more time Iâ€™ll ask you
Stay with me and play
Time to beg or you wont know
That Iâ€™m saying

Itâ€™s a long way, a long way down
It's a long way, a long way down
A long way, a long way down
A long way, a long way
