

# Lost April

[Nat King Cole](#)

Lost April  
Where did you go?  
Like winter's snow  
I saw you vanishLost April  
So soft and warm  
A memory  
Not even time can banishLost April  
That taught me this  
A single kiss  
Could lead to HeavenBut April had numbered days  
So when they passed  
Love couldn't last  
I lost love and you and April, tooSo when they passed  
Love couldn't last  
I lost love and you and April, too
