

Unholy Terror

W.A.S.P.

I was here when time began
I was in them all
A wicked one magician's hand
I'm what John had saw I'm a thing that lives and breathes
With slaves to worship me
There are many that are born of me
Anytime there are many me's Crowned Messiah, I crucified him
And still ya don't believe
I am kings, I am queens
Unholy terrors me
I'm the feces of the species
Still you're all in awe
I'm something a Prophet saw
Hister with a rise and fall Obsessed with Lennon
Manifested Marx
I'm incest
In the hearts of dark
Riding on some atomic bomb
To blind you all to kingdom come
