Your Fiend

Deadstar Assembly

A fix that saves the dead
I'll do it once
And my mouth's wide openNow I'm here again
Another fuck
With a monkey controlling meI can't get myself away from this
It keeps calling me
I can't get myself out of it
I keep fallingYour scent enlivens me
And you've made me bad
Cause you made me your fiendI want to seep into you
My existence has failed
I'm brokenI only live through you
Another fuck
Who has no hope YEAH!You keep calling me
You keep calling me
You keep calling meI'm your fiendAddiction dilates
I"ll do it once
And my mouth's wide openPathetic fall from grace
Another fuck
With a monkey controlling me
