Gon Stay (feat. Sampha)

SBTRKT

And Gemma waited
She's gon stay
Until she tells him
What she's gotta sayAnd Gemma waited
She's gon stay
Until she tells him
What she's gotta sayWhat she's gotta say (x4)And he promised he would be there
When the time came, she wasn't prepared, hey
And Gemma faces a world she made
Now the old past is gonna changeAnd Gemma waited
She's gon stay
Until she tells him
What she's gotta sayAnd Gemma waited
She's gon stay
Until she tells him
What she's gotta sayAnd she's all worked up
She won't walk awayYeah, she's all worked up
She won't walk away (x4)Played havoc with the hardships
Now she's grown too weak to help it
See Gemma hated the part she plays
This guy won't let her
What she's gotta sayAnd Gemma waited
She's gon stay
Until she tells him
What she's gotta say (x2)And she's all worked up
She won't walk awayYeah she's all worked up
She won't walk away (x4)Played havoc with the hardships
Now she's grown too weak to help it
See Gemma hated the part she plays
This guy won't let her
What she's gotta say
