

All Around the World (feat. Trey Songz)

Nelly

There's no place I won't go
To find the one so beautiful
Just like the one I used to know
The one I used to know
All around the world, all around the world
I'll never find another you, baby
All around the world, all around the world
In search of a girl so beautiful (Leggo) Been around, been around the world
Lookin' for you
Seen so many, many pretty girls
Left it on ya
Been to Tokyo with no luck
I left France with no luck
Found nobody in Toronto like you uh uh Seen a million pretty faces
Still ain't found one like yours
With a walk mean as yours,
New shades, clothes Victor
I've been a million different places,
Still ain't found one like you
It's the little things you do
That make you so beautiful And there's no place I won't go (where I won't go)
To find the one so beautiful
Just like the one I used to know
The one I used to know
All around the world, all around the world
I'll never find another you, baby
All around the world, all around the world
In search of a girl so beautiful So tell me have you seen her?
(Have you seen her? Have you seen her?)
The one I used to know
Tell me have you seen her?
(Have you seen her? have you seen her?)
The one like you I've been so many cities lookin' for you girl
L.A. to London
I can't find nobody lookin' like you girl
I ain't feel something
Left St. Louis with no luck
Paris with no luck
I found nobody in Chicago like you uh uh Seen a million different faces

Still ain't found one like yours
With a walk mean as yours,
New shades, clothes Victor
I've been a million different places,
Still ain't found one like you
It's the little things you do
That make you so beautiful And there's no place I won't go (where I won't go)
To find the one so beautiful
Just like the one I used to know
The one I used to know
All around the world, all around the world
I'll never find another you, baby
All around the world, all around the world
In search of a girl so beautiful (Tell me)
So tell me have you seen her?
(Have you seen her?)
The one I used to know
(The one I used to know)
Tell me have you seen her?
(Seen her)
The one Hey girl where you hidin'?
I want someone I can confide in
I'm the only you need
Girl, let me just remind you
I've been around, I've been around the world (come on)
And I still ain't found, still ain't found my girl There's no place I won't go (just to find you)
To find the one so beautiful
Just like the one I used to know
The one I used to know
All around the world, (I'm searchin') all around the world
I'll never find another you, baby
All around the world, all around the world
In search of a girl so beautiful
