

Stutter

Gucci Mane

[Hook]

I can't even lie, that bitch so bad lil mama so thick
The way she throw it back it'll make you stutter when you hit[Verse 1]

I'm just tryna fight it off ain't tryna nut too quick
She make me wanna take her, she another nigga bitch
A bitch that gucci can't get, man that bitch don't exist
This dick so good, I take it from her she might just slit her wrist
Bling blaww burr I put diamonds on her clit
Fucked her in the air yeah she ride me on the jet
His and her fur, yeah I bought my chick a fit
Like Edward Scissorhands she cut up on the dick (damn)
G-g-g-good god so why she standing back like a pic
Spaghetti straps in my Maybach she showing off her tits
She ran off on the plug so I'mma smash her at the Ritz
Skeeted in her mouth so now she talkin' with a lisp[Hook]

I can't even lie, that bitch so bad lil mama so thick
The way she throw it back it'll make you stutter when you hit
I-I can't even lie, that bitch so bad lil mama so thick
The way she throw it back it'll make you stutter when you hit[Verse 2]

I told her bring a friend with her she just brought some twins
Three girls and gucci mane god damn I'm goin' in
All these franklins on me man I said my name was ben
Magic city monday night I just threw up a ten
Nigga with a attitude I feel like Cube and Ren
These two ice cubes in my ear they cost a quarter M
That pussy hairy scarin' me god damn she need to trim
The way that bitch took care of me she might get her a Benz
She suck me til' it tickle me, slow down the neighbors listening
I got her like ten necklaces you know my diamonds glistenin'
She fucked me then she shot me with her friends I think she trickin'
Her nigga know about me but god damn he can't get rid of me
She stutter step, sweet in lingerie
I beat it up like MMA she drank it up like Alizã©
Eight latin hoes in my room I feel like its the fifth of May
Pull up on the kid you digg
Bitch I ain't got time to play
