

# Stars Fell on Alabama

## Cannonball Adderley & John Coltrane

Moonlight and magnolia, starlight in your hair

    All the world a dream come true

Did it really happen, was I really there, was I really there with you? We lived our little drama, we kissed in a field of white

    And stars fell on Alabama last night

    I can't forget the glamor, your eyes held a tender light

    And stars fell on Alabama last night

    I never planned in my imagination a situation so heavenly

    A fairy land where no one else could enter

    And in the center just you and me, dear

    My heart beat like a hammer, my arms wound around you tight

    And stars fell on Alabama last night

    We lived our little drama, we kissed in a field of white

    And stars fell on Alabama last night

    I can't forget the glamor, your eyes held a tender light

    And stars fell on Alabama last night

    I never planned in my imagination a situation so heavenly

    A fairy land where no one else could enter

    And in the center just you and me, dear

    My heart beat like a hammer, my arms wound around you tight
